Aston Green: Mr John Campion had submitted a management report on progress and status of various projects, including the acquiring of yellow rattle seed, and second-hand canes and spirals – thanks were expressed to Cllr Manifold for these. The management drawing should be ready by mid-February, and Council would need to consider the purchase of hedging stakes at the February meeting. The Chairman thanked Mr Campion for his report and hard work.

The Clerk reported that fencing quotes for the track and lower field etc had not all been received, and Council agreed to defer consideration until next month.

11. 13. Assets Register: The Assets Register had been revised to include Council property previously left off the register. In addition, the replacement cost of the new Arbor Tree seating had been updated. It was suggested that the replacement value of the war memorial should be raised to £1,000. This and one other minor addition were agreed and Council **resolved** to accept the revised Assets Register.

Councillors undertook to inspect the assets and report back on condition in March.

14. Finance: The Bank reconciliation to 31st December had been circulated. There were no unexplained variances.

3rd Quarter Budget Monitoring Report: The RFO had circulated a report on budget performance to the end of December. A couple of budget headings looked like they might be underspent and one budget required a virement but generally, spending was in line with budget.

Virement: To cover the £300 Council had paid to the solicitors Wace Morgan on account, a virement from from one budget to another was required. Room Hire budget was underspent therefore £85 of this could be vired (transferred) to Publicity/Communications budget. The £300 expense would then be divided between Publicity (135) and Data Protection (£165).

Council **resolved** to vire £85 from the Room Hire Budget to the Publicity and Communications budget.
