Hopesay Parish Council - Correspondence for JULY 2024 meeting - items of note circulated

<u>Date</u>	<u>From</u>	<u>Subject</u>	<u>Action</u>
28/06/2024 email	Shaun Cullis, West Mercia Police	speed checks criteria	agenda item, text to be minuted to note criteria
			The B4367 through Broome is a national speed limit with just a 30mph advisory, not a 30mph limit, a driver can still legally travel at 60mph along that road. Community Speed Watch would not be permitted by the Safer Roads Partnership unless the road is a 30mph, and then it has to meet a certain criteria.
			The B4368 between Aston on Clun and Long Meadow End is another section with a national speed limit, Safer Roads Partnership and West Mercia Police generally enforce / monitor speeds in the parameters of 30mph and 40mph speed limits. This limit would need lowering in order to enforce if deemed fit. Shropshire Council are responsible for setting speed limits. In order to get the speed limits on these sections of road reviewed I would advise the Parish Council email Shropshire County Council – Highways.
			The B4369 (Broome Rd) within Broome is a 30mph that may fit the criteria though for a Community Speed Watch. However before I approach the Safer Roads Partnership to come out and assess, can Council confirm that there a public concern of speeding within the 30mph of Broome on the B4369, and not the 30mph advisory on the B4367? Not many complaints have been received from Broome residents about speeding concerns along the B4369.
